2015 APPRENTICE ONLY DEALS

AVAILABLE FROM:

AUSTRALIAN APPRENTICE TRADE SUPPORT LOANS

What are Trade Support Loans? Trade Support Loans are loans paid in instalments totalling up to \$20,000 spread over four years. These loans are intended to assist apprentices with everyday costs while they complete their apprenticeship. Eligible Trade Australian Apprentices may apply (opt-in) for regular instalments according to their needs.

How do Trade Support Loans work? Trade Support Loans are a more effective method of assisting eligible apprentices with their everyday cost while they undertake their apprenticeship. The program provides apprentices with up to \$20,000 as an income contingent loan, compared with the old Tools For Your Trade payment.

Payments are as follows: Year 1 – Up to \$8,000 - Year 2 – Up to \$8,000 - Year 3 – Up to \$4,000 - Year 4 – Up to \$2,000

Upon Completion of Apprenticeship – 20% discount is applied to the loan amounts borrowed

Loan amount will be repaid through the taxation system when the minimum income threshold is reached. In 2014-15 the minimum repayment occurs at income threshold of \$53,345.
